

# The Roll-A-Ramp® Advantage!

Here are two reasons the product is doing so well in the market:

- 1) Today's consumers are more and more in need of mobility access to vans due to all sorts of factors.
- 2) Consumers are searching for an option to make their van accessible.....and they're finding our van ramps.

*Roll-A-Ramp® serves this market niche perfectly!*

**Breaking News!**  
Roll-A-Ramp® VAN RAMPS a Great Fit for new generation of Vans

**ROLL-A-RAMP® INTRODUCES NO-HASSLE VAN RAMPS**

**Rear Installations**  
(Ford Transit Connect pictured)

**Side Installations**  
(Dodge Caravan pictured)

**Dodge ProMaster City**  
(rear installation pictured)

**RAMPS FOR YOUR VAN**

Ramps are installed into customers' vans  
An alternative option to a converted wheelchair-accessible van

Roll-A-Ramp® is the hottest thing going right now for van access!

Up until now disabled customers in wheelchairs meant they had to spend up to \$70,000.00 on a full conversion van.

How much do Van Ramps cost?

A: Starting at around \$3,800/ Non-Power models & \$4,400/ Power models

**An after-market product requiring NO modifications to the van**

**FACT:** Every day more consumers are looking for an access solution into a van with a wheelchair

**FACT:** More and more consumers are turning to our after-market ramp solution over a full van conversion to have installed into a stock van.

**FACT:** Roll-A-Ramp® offers a high-end, very reliable product that is affordable

**GREAT FIT FOR THESE MINI-VANS**

(Also great fits larger Full-Size Vans)

- ◆ Mercedes-Benz Metris (mid-size van)
- ◆ Dodge ProMaster City
- ◆ Ford Transit Connect
- ◆ Nissan NV 200
- ◆ Chevy City Express
- ◆ Dodge Caravan/Chrysler Town & Country

**POWER & NON-POWER Ramps Available**

**Extreme reliability**

**High-End Quality.....  
Affordable Price.....**

- ⇒ 6061 Aircraft Aluminum—1,000 lbs. capacity
- ⇒ Unmatched Reliability—Very low rate of failure on all model powered and non-powered

**\*\*Unconditional 10 Year Ramp Warranty\*\***

## Dollars & Sense

*“It’s a matter of dollars and cents. You look at the alternatives costing twice as much. It doesn’t take long to make the decision. I’d like to spell dollars and “sense” like common sense!*

*—Alan & Lyn, Milbank, SD —*

*Mercedes-Benz Metris*
