# Roll-A-Ramp® HD™ Accessories

Roll-A-Ramp® is designed to be used just the way it comes

Available accessories can help make the ramp more versatile or a better fit they way you are using it.

## Optional Ramp Placement Options:

### 1. Heavy Duty Approach Plate

Replaces *Standard Upper Approach Plate* included on all ramps. An excellent option when you need a more smooth transition onto the ramp. The way the top of the ramp sits on the landing is more flush for easier use with hand dollies, wheeled carts, etc.

#3236 36" Wide \$148.00 Shipping \$27.00

#4248 48" Wide \$155.00 Shipping \$37.00

### 2. Seg-Mount Brackets

These install onto the face part of a landing or steps. Used with the *Standard Approach Plate* included on ramps. Creates a flush transition. End plate folds down and inserts & removes easy.

#3150 \$42.00/pr. Shipping \$12.00

### Quick Connect Pins (split your ramp into sections)

Quickly split ramp into shorter sections without tools. Pins insert at any link to connect ramp together without bolts & quickly pull out to separate ramp. Makes storage and handling a snap!

#3275 \$25.00/pr Shipping 10.00
