## Common Configurations

These are common sizes for stage access, however ramps can be built to *any* length.

A 24 foot ramp may be quickly created for stage heights of 8"/16"/24" or other heights by simply splitting the ramp as needed .  
The ramp can be set up with Connect Pins at equal spacing along the ramp and quickly configured for the size needed .

**RAMP WIDTH: 36"** (30" & 48" width also available)
